From £350 for 2 nights

Sleeps 2 people

Albion Nights was created after owner Helen encouraged her husband to leave the rat race behind, with a slower, more sustainable life in her sights. The couple spent a couple of years hand-building this beautiful eco-retreat using reclaimed and repurposed materials, which offers a little bit of rustic luxury with a cosy bespoke double bed and an outdoor bath, set privately on the veranda. Located in the Waveney Valley it is a secluded spot, but that is within reach of the Norfolk Broads to the northeast, or the towns and villages of Suffolk to the south. The price includes a welcome hamper with locally sourced breakfast items, a few treats, some eco-toiletries and logs for the fire-pit and wood-burning stove; everything you need for a comfortable off-grid break with a touch of luxe.
